

Commercial INTEGRATOR EXPO

EXPO: SEPTEMBER 7-9, 2023
CONFERENCE: SEPTEMBER 6-8, 2023
DENVER, CO

CO-LOCATING WITH
CEDIA[®] EXPO

WHAT IS COMMERCIAL INTEGRATOR EXPO?

Commercial Integrator Expo will deliver a focused trade event, bringing together a dedicated exhibit floor, a robust conference program, and powerful networking opportunities to center on the needs of commercial integration channel service providers and growing verticals like corporate, higher education, hospitality, retail and resimercial.

Commercial Integrator Expo is co-located with CEDIA Expo, and did you know that 45% of CEDIA Expo attendees are working on commercial projects? This combined event is the most exciting gathering of technology professionals looking to discover new products, and brings you closer to the people you need to grow your business.

WHY YOU CAN'T MISS IT

Connect with the industry and make new connections

Expand your brand with valuable exposure to key media, buyers and specifiers

Secure high value sales leads to help your business grow

The US has seen huge growth in the commercial AV industry, including UCC, digital signage, lighting, and security products and services. The UCC market is seeing particular growth as businesses increase their deployment of UCC tools and services for hybrid work applications.

THE LEADING BRANDS

Join leading commercial product manufacturers exhibiting at Commercial Integrator Expo and CEDIA Expo on the shared exhibit show floor.

BEYOND THE BOOTH

Networking with system integrators and technology managers at your booth is critical to your success, but this event offers so much more.

There are valuable opportunities to build brand awareness and promote your business through education session sponsorship. We offer two opportunities; Smart Stage, featuring thought leadership panel discussions and Innovation Hub, focused on emerging trends, and more! Exhibitors may also sponsor the new Commercial Integrator Expo Conference program.

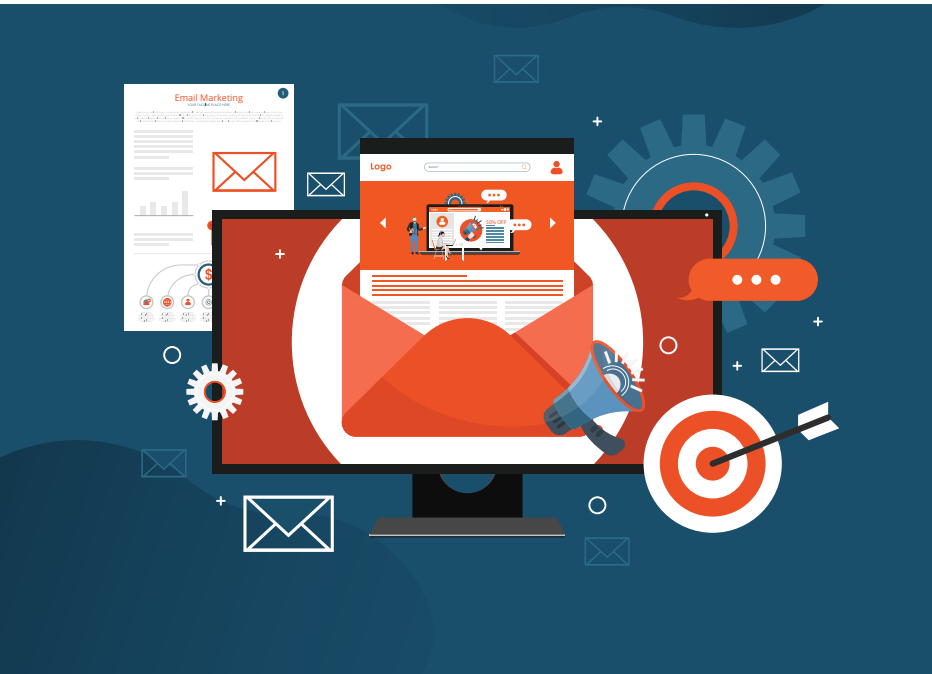

You can also take advantage of our Manufacturer Product Training sessions. These are dedicated sessions where you get to train your customers on your products and build new relationships.

PARTNERSHIPS

We have partnered with some of the leading associations and media titles within the industry to bring top level education sessions and content to the Commercial Integrator Expo audience.

ASSOCIATIONS:

MEDIA PARTNERS

“NSCA leads the industry in providing systems integrators with business education specific to the commercial integration channel. We are pleased to be able to partner with Commercial Integrator Expo to provide a full day of NSCA’s trusted BizSkills sessions and an industry peer networking reception.”

- TOM LEBLANC, EXECUTIVE DIRECTOR FOR NSCA

“Collaborating with Commercial Integrator Expo will allow the DSF to bring our industry leading education and thought leadership to those who might be new to the digital signage industry but are looking to learn more about our growing industry.”

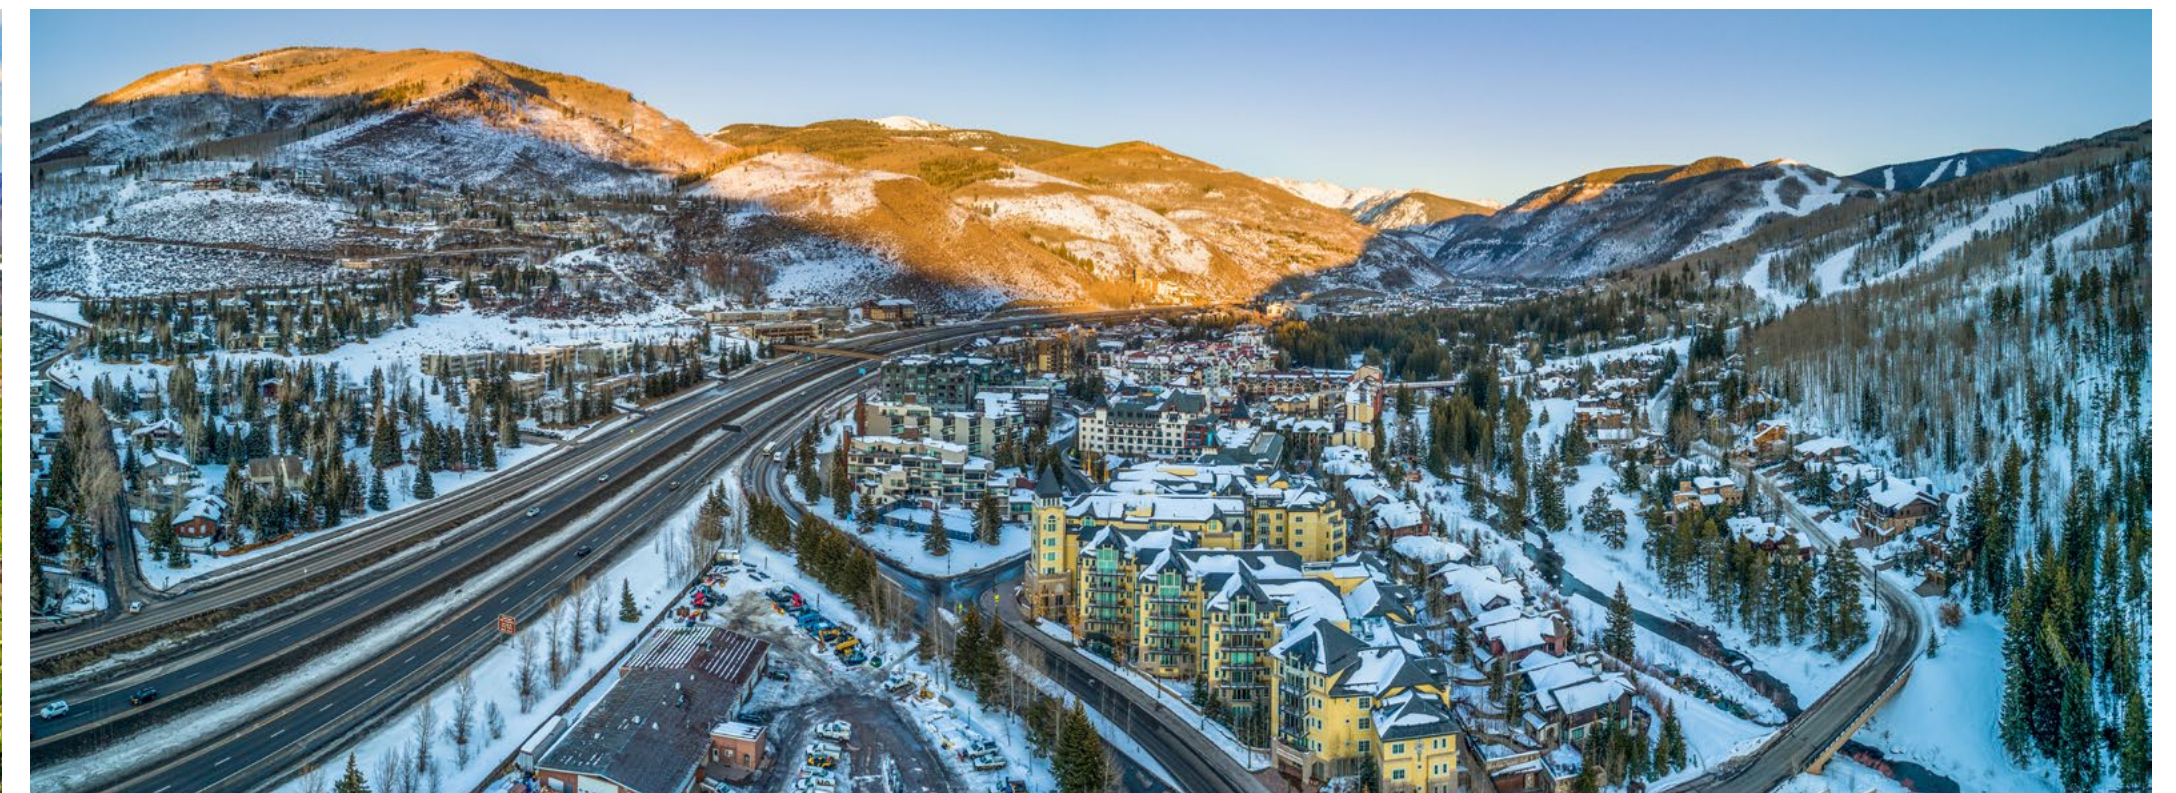

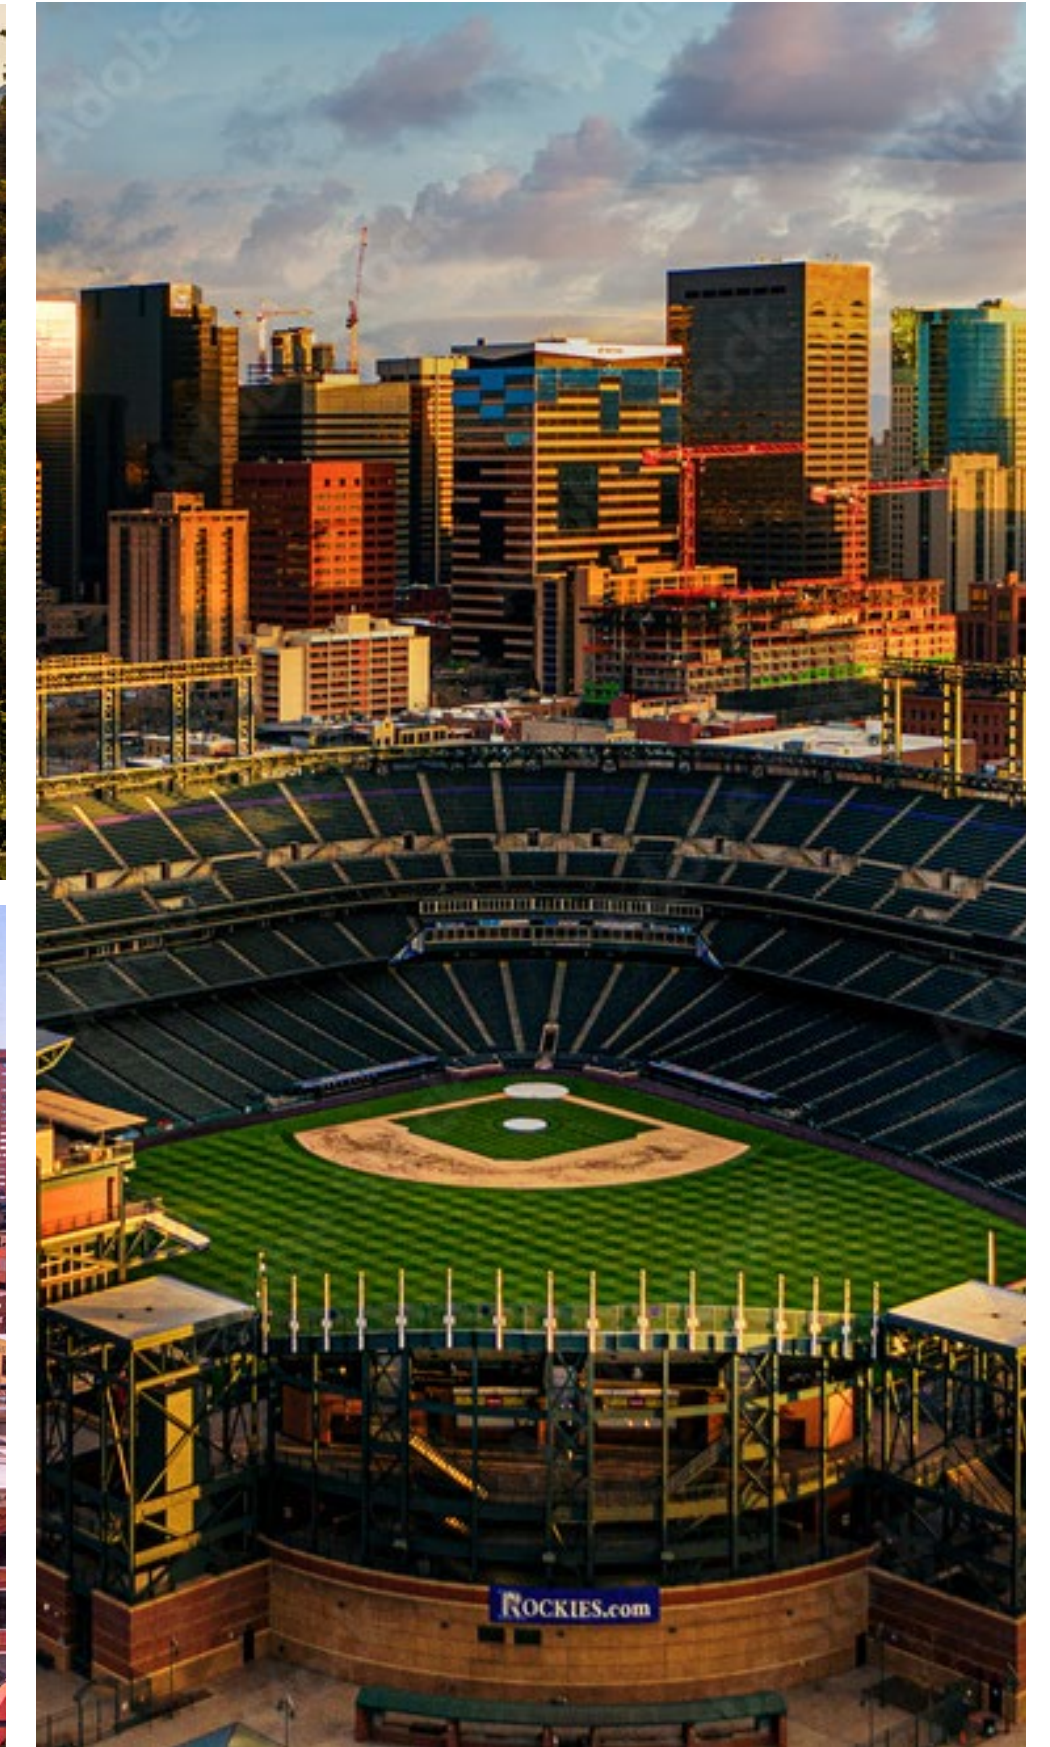

**- LEN DUDIS,
CHAIRMAN, DIGITAL
SIGNAGE FEDERATION**

DESTINATION: DENVER

Take a trip to the Mile High City!
Colorado State Capitol Building is exactly 5,280 feet above sea level - one mile high - giving Denver its nickname.

The city is located a mere 340 miles from the exact center of the continental U.S. With its walkable downtown landscape, 300 days of sunshine, and six professional sports teams, it's easy to see why one- third of meeting attendees extend their stay in Denver.

Located in the heart of downtown Denver, the Colorado Convention Center gives way to 584,000 square feet of exhibit space and 63 meeting rooms and is walkable from 9,000+ hotel rooms and hundreds of restaurants. After its expansion in 2005, the convention center is most known for its “user friendly” facilities.

THREE DAYS. TWO SHOWS. ONE INVESTMENT.

If you want to do more business across the commercial and residential industries, you have to exhibit at Commercial Integrator Expo 2023, co-locating with CEDIA Expo.
